_____ or Self-Existent Man?

QUOTES

"This is precisely why the first four words of the Bible may be the most important words: 'In the beginning God...' They are thunderously important. They really do change everything, from the way that you think about your identity, meaning, and purpose to the way you approach even the most incidental of human duties. Everything that was created was made by God and for God. All the glories of the created world were designed to point to His glory. The universe is his, designed to function according to his purpose and plan. That includes you and me. We were not made to live independent, self-directed lives. We were not meant to exist according to our own little self-oriented plans, living for our own moments of glory. No, we were created to live for Him." —Paul David Tripp

"The pages of Scripture are not filled with moral platitudes telling you how you can become a better person. God did not provide a system for you to remedy yourself (help you be a better man). He provided a Perfect man—One who would accomplish the recovery of the human soul from the very power and penalty of sin that dominates and destroys you. God provided reconciliation with Himself for you through His Son, Jesus Christ."

Romans 5:12,14, 15b, 18-19, 21

"In the New Testament, grace means God's love in action toward people who merited the opposite of love. Grace means God moving heaven and earth to save sinners who could not lift a finger to save themselves. Grace means God sending His only Son to the cross to descend into hell so that we guilty ones might be reconciled to God and received into heaven." —J.I. Packer

"Criticism of prayer unmasks the self-sufficiency at the heart of our secularized culture. But crisis unmasks the irrationality of such self-sufficiency. We think we don't need God anymore, that our scientific, medical, technological advances have made faith in Him obsolete and irrelevant. Then we face an emergency our human resources cannot solve and we are faced with our need for Someone beyond ourselves." —Dr. Jim Denison
