“We spend the first half of our lives wasting our health to get wealth and the last half of our lives spending wealth to get back our health.”

Money is an article which may be used as a universal passport to everywhere except heaven and as a universal provider of everything except happiness.

⁶Now there is great gain in godliness with contentment, ⁷for we brought nothing into the world, and we cannot take anything out of the world. ⁸But if we have food and clothing, with these we will be content. ⁹But those who desire to be rich fall into temptation, into a snare, into many senseless and harmful desires that plunge people into ruin and destruction.

¹⁰For the love of money is a root of all kinds of evils. It is through this craving that some have wandered away from the faith and pierced themselves with many pangs. —**1 Timothy 6:6-10**

Law 9: Measure Your Motives

“Always Make Your Purpose Greater Than Your Money.”

— *The Laws of Lifetime Growth* By Dan Sullivan and Catherine Nomura

“Many people start off their careers thinking that money is the goal. Money can be a useful measure of success or progress in certain circumstances, and it’s a resource we can use to realize greater possibilities, but at some point money without purpose loses its meaning.”

“Money as an end becomes a growth stopper. Having a purpose that is greater than yourself will give you a constant impetus to strive. Purpose gives life meaning and helps us to direct and focus our talents and efforts. It also attracts the talents and energies of others whose purposes align with our own.”

“Think of money only as a means of achieving a greater purpose, and you’ ll attract *all* the resources and rewards that make up a rich life, not just money.”

— *The Laws of Lifetime Growth* By Dan Sullivan and Catherine Nomura
